Section III

WAITING FOR THE BUS

Make sure you are standing in the direction the bus is traveling. Wait until the passengers exit the bus. Check the destination sign and route number located above the windshield and on the side of the bus before boarding. Be at the bus stop at least five to ten minutes before your bus is scheduled to arrive. When waiting at a bus stop sign or shelter, make sure you stand where the operator can see you as they approach; but be careful not to stand too close to the curb. Be sure to stand before an intersection. **Do not stand in a turning lane or on a bridge the operator cannot stop.** Signal the operator with a wave to let them know you want to ride or at night use the flashlight on your phone if you are at a dark location. If you need directions or would like a driver to stop at a certain location, please notify the driver when you board the bus.

BOARDING THE BUS

Let those with disabilities or senior citizens have priority seating in the front of the bus. Please move to another seat, or **when seating is not available, stand in the aisle and hold onto grab bars while the bus is in motion.**

(WRTA temporarily went to free fare December 2020 until at least December 31, 2028)

Children under the age of twelve must be accompanied by parent or guardian. A full fare must be paid at the time the service is provided or you will not be permitted to ride. Have your fare ready before boarding the bus. Riders eligible for discounted fares must have proper identification ready to show the driver. **Before depositing money let the Driver know what you want. There will be no cash refunds.** Deposit the fare into the fare box. WRTA's fare box will take coins and dollar bills up to a twenty-dollar bill and issue a change card. If you are using a magnetic fare card, swipe the card **(Remember: Do not fold, wet, or crumble your fare card as the magnetic strip will not work)**. After paying your fare, please move to the rear of the bus and take a seat as quickly as possible. This allows the driver to start moving and helps to keep the bus on schedule. When

walking on the bus, hold onto the grab rails or seat backs.

Always take a seat if one is available to help you stay safe in the event of an accident or sudden maneuver.

DURING YOUR TRIP

Strollers are not safe for small children on the bus they must be folded and stored securely while onboard. Small children should remain in carrier/car seat while on bus and held securely by an accompanying adult. Store packages under the seat or on your lap to keep them from moving around. All objects should be kept out of the aisle to avoid blocking it. Help keep the buses clean by keeping your feet off the seats and placing all trash in the wastebasket at the front of the bus.

For your safety, do not move around on a moving bus and keep all body parts inside. Never stand in front of the yellow safety lines while the bus is in motion, never stand in stairwells. Please refrain from talking to the bus operator while the bus is in motion, unless absolutely necessary. Their job requires them to concentrate fully on driving the bus; try to wait until the bus is stopped at a light or bus stop if you need to ask a question.

Take a look around you and make note of your nearest emergency exit in case you need it.

EXITING THE BUS

To exit the bus, give the driver adequate notice that you want to exit the bus; pull the touch strip located above the seat at least one block before your stop to signal the bus driver. Use the rear door to leave the bus (unless you brought a bicycle, then exit from the front door). This allows boarding passengers to use the front door, and the bus can maintain its schedule more easily. After you exit, do not cross the street in front of the bus. Traffic going by the other side of the bus may not be able to see you. Stand back and wait until the bus has left before attempting to cross the street. Please remain seated until the bus comes to a complete stop to get up and exit the vehicle. If you are unfamiliar with an area, the driver will be happy to assist you with directions. Remember to gather your belongings and exit the bus with caution.

BICYCLES/SCOOTERS

Passengers may use the bike rack at his or her own risk. **WRTA is not responsible for any damage to bicycles.** The passenger is responsible for loading and unloading the bike from the rack. All WRTA buses are equipped with convenient, easy to use bicycle racks capable of carrying up to two bicycles. Spaces in these

racks are offered on a first come first serve basis. **Bicycles are not permitted inside the bus for transportation.** There is no additional fare for boarding with a bicycle.

How to Load Your Bike

1. Make sure the bus is at a complete stop and the driver acknowledges you before you step in front of the bus. Never approach a stopped bus from the street side, as you cannot safely determine when a driver is about to leave.
2. Squeeze the handle on the top of the rack (marked #1) and lower it all the way down.
3. Place the front tire into the rack first in line with grooves (marked front wheel) then place the back tire in the rack.
4. Pull the hook out and lift it up over the front tire as close to the bike frame as possible and your bike is now locked in. Make sure you remove water bottles and any items that might fall off.

How To Unload Your Bike

1. Make sure you exit thru the front door and let the bus driver know that you are going to take your bike off the rack before you get off and step in front of the bus.
2. Remove your bike and fold up the rack if it is empty.
3. Go to the nearest curbside. Never cross in front of the bus, as passing traffic cannot see you.

WRTA IS NOT RESPONSIBLE FOR BICYCLES/SCOOTERS THAT ARE LOST, STOLEN, DAMAGED OR ITEMS THAT MAY FALL OFF.

FOLDABLE SCOOTERS

Foldable scooters without the seat are permitted in the bus. They must be folded when you board the bus and put in between the seat.

CARRY ON ITEMS

Carry-on items cannot exceed a number that a rider, a personal care attendant, or a companion can comfortably handle and secure in one trip. **Drivers will not carry**

parcels, groceries or other items on or off the bus.

PERSONAL CARE ATTENDANT (PCA)

A Personal Care Attendant (PCA) is someone designated or employed specifically to help the eligible individual meet his or her personal needs. A PCA does not have to be the same person. When traveling with a PCA, both riders must have the same pick up and drop off points. PCAs do not pay a fare.

WHEELCHAIR ACCESSIBILITY

All WRTA buses are wheelchair accessible. WRTA shall transport wheelchairs and their users if they can be accommodated by the lift and vehicle that they wish to ride. Where necessary or requested, WRTA personnel will assist the customer with use of the securement system and lift/ramp. Customers who cannot enter a vehicle using the stairs, but who do not use a wheelchair, shall be allowed to use the lift/ramp.

Customers will be allowed to travel on WRTA vehicles with service animals and with life support equipment (including respirators, concentrators and portable oxygen) unless there is a violation of hazardous materials regulations. For the safety of all passengers, WRTA reserves the right to secure, or require the passenger to be in responsible control of other mobility aids or devices, including but not limited to, walkers, oxygen tanks, etc. Strollers or carts cannot block the center aisle.

Section IV

ON DEMAND LATE NIGHT SERVICE

Late Night is WRTA’s scheduled curb-to-curb service — offered with dedicated small vehicles — that runs between 9:15 pm and midnight Monday through Friday in Mahoning County.

Using Late Night, you can travel to any destination that is within the areas served by WRTA’s Mahoning County Fixed Routes. Late night will pick you up at your home or other location and take you anywhere you need to go within these areas. Since Late Night is a shared-ride service, other people may be traveling with you.

How to Use Late Night

WRTA riders can schedule their Late Night trips with the new and free WRTA On Demand app. Late Night riders can register and book trips up to seven days in advance or up to 24 hours before the trip. There is no cost for this service.

If you’re scheduling a Late Night trip, you may do so no later than 24 hours prior to the trip, up to 7 days in advance.

Schedule in advance!

Since trips are scheduled based on when the request was made, we strongly recommend that you book Late Night trips as far in advance as possible — as long as you do this within the time frames shown above. Schedule separate trips for both going and coming back

If you’re making a round trip on Late Night, you will need to schedule a trip for your return *from* your destination at the same time you schedule your trip *to* that destination. These must be scheduled as separate trips.

ADA ALL ACCESS SERVICE

WRTA operates a door to door paratransit service, known as the ADA All Access Service. The ADA All Access service supplements the fixed route service and is provided to individuals with disabilities and senior citizens 65 years of age and older. Disabled individuals are required to complete Section I and Section II of the ADA All Access application. Senior citizens are required to complete Section I of the application and are eligible to ride the service based on the age requirement. The ADA All Access is not intended to be a sole comprehensive system of transportation for individuals with disabilities. Disability alone does not qualify a person to ride the ADA All Access under the Americans with Disability Act (ADA). Eligibility is determined on an individual basis using the following criteria:

Category I – Persons who are unable to board, ride, or exit a bus even if they are able to get to the bus stop and the bus is accessible.

Category II – Persons who cannot use buses unless they have wheelchair lifts or other accommodations.

Category III – Persons with disabilities who cannot travel to or from a bus stop. A person is eligible in this category if travel is impossible because of architectural and/or environmental barriers that when combined with the person's disability, prevent that individual from reaching a bus stop.

WRTA has an Administrative Appeals Process for those denied eligibility to the ADA All Access Service. All appeals must be in writing and filed with the Executive Director within 60 days from the date stated on the denial letter. Appeals shall be mailed to:

Western Reserve Transit Authority
Executive Director
604 Mahoning Avenue
Youngstown, OH 44502
